## REPORT OF ALLENTOWN SCHOOLS.

---

We have been very fortunate in securing the services of the same teachers who were in charge of the schools last year, as the work has thus gone on without the interruption always caused by a change of teachers and the loss of time which occurs while teachers and pupils are becoming adapted to each other.

Miss Ina M. Balch was compelled by ill health to leave us at the end of the fall term, much to the regret of the school board, the parents, and children.

Miss Mildred E. Emery, a graduate of the Plymouth State Normal school, was secured to fill her place. She came well prepared for work, both by training and experience, and has given good satisfaction.

We feel that the year has been one of steady advancement, and are pleased to note the gradual progress made. We have hard-working teachers, and wish the parents and children were just as anxious to make the Allentown schools all they can be made as are the teachers.

Mr. Thomas Welch has been appointed truant officer, and the attendance has been increased through his efforts.

If parents sufficiently realized how seriously it interferes with a child's interest in his lessons and knowledge of the subjects taught to be kept out of school a day or two now and then, we feel sure the absences would be greatly decreased, and the good results of school life greatly increased.

Our schools are good in many respects,—can we not try, as far as in us lies, to make them better ?

HENRY C. SARGENT,

J. J. McDONOUGH,

## REPORT OF ALLENTOWN SCHOOLS.

---

We have been very fortunate in securing the services of the same teachers who were in charge of the schools last year, as the work has thus gone on without the interruption always caused by a change of teachers and the loss of time which occurs while teachers and pupils are becoming adapted to each other.

Miss Ina M. Balch was compelled by ill health to leave us at the end of the fall term, much to the regret of the school board, the parents, and children.

Miss Mildred E. Emery, a graduate of the Plymouth State Normal school, was secured to fill her place. She came well prepared for work, both by training and experience, and has given good satisfaction.

We feel that the year has been one of steady advancement, and are pleased to note the gradual progress made. We have hard-working teachers, and wish the parents and children were just as anxious to make the Allentown schools all they can be made as are the teachers.

Mr. Thomas Welch has been appointed truant officer, and the attendance has been increased through his efforts.

If parents sufficiently realized how seriously it interferes with a child's interest in his lessons and knowledge of the subjects taught to be kept out of school a day or two now and then, we feel sure the absences would be greatly decreased, and the good results of school life greatly increased.

Our schools are good in many respects,—can we not try, as far as in us lies, to make them better ?
